*More Blooms, More Often.™*

**W**e at Bracy's are proud to offer Encore® Azaleas, the original patented brand that blooms spring, summer and fall. Their stunningly beautiful blooms have revolutionized the azalea market. Strong consumer demand driven by massive media support makes Encore® Azaleas a "must have" for anyone in the trade. With 33 varieties in a range of sizes and colors, there's an Encore® Azalea for everyone.

### *Dwarf Size*

Dwarf Encore® Azaleas grow more slowly and can easily be maintained at 2-3' tall x 3-4' wide. These smaller varieties are perfect for containers, shrub borders, small hedges, as accent plants or planted en masse.

### *Intermediate Size*

Intermediate Encore® Azalea varieties have a moderate to fast growth rate and can be easily maintained at 4-5' tall x 3-4' wide. These Encore Azaleas work well as background plants in the landscape, as larger privacy hedges, or as stunning accent plants in the garden.
